

Attention IBEW 46 Inside Wire Unit Members

With the Inside Wire negotiations starting soon, the recruitment of rank and file members to serve on the Large Committee will begin 2-16-2021! As with the S&C Unit, my goal is to have at least 30 rank and file members on the Large Committee! From this Large Committee, I will select 5-8 members for the Small committee. We need to have a cross-section of the membership on this Large Committee, to make sure we represent the entire membership. This will include:

- At least one Inside Wire apprentice from each year of our 5-year program.
- At least 10 Journey Wire with less than 15 years' experience with LU 46.
- At least 10 Journey Wire with MORE than 15 years' experience.

ALL interested Unit members are to send an e-mail with a brief explanation as the why you wish to serve the Unit in this capacity to Business Representative Bryan Johnson by 5PM on Friday, February 26th. His direct e-mail is: Bryan@ibew46.com.

Once selected, the Large Committee will attend professional negotiations training facilitated by our legal team and professional negotiators in early March. All lost wages from attending these trainings will be covered by LU 46! *This is a NEW day, and we will continue to have unprecedented membership participation in negotiations!*

There will be more discussion on this during the Wire Unit meeting on Wednesday. Please check the LU 46 website and mobile app for details.

Thank you again for your time, patience and Solidarity! Please stay safe and healthy!

Sean Bagsby
Business Manager / Financial Secretary
