

I, [NAME] card number xxxx, would like to make a motion on behalf of the IBEW Local 46 Middle Eastern Conflict Committee.

Whereas many labor unions have taken an official stance regarding the ceasefire in the Gaza Strip, be it resolved that IBEW Local 46 endorse the following:

1. We, the Members of IBEW Local 46, call upon our Local and the International Office to publicly support our call for an immediate and permanent ceasefire in the Gaza Strip.
2. We demand that the United States Government call for an immediate and permanent ceasefire in the Gaza Strip.
3. We demand that the United States Government stop veto-ing ceasefire resolutions brought forth to the United Nations Security Council.
4. We demand that the United States Government call for a peaceful release of Palestinian and Israeli hostages.

5. We demand that the basic human rights of the people be restored. Water, fuel, food and other humanitarian aid must be allowed into the Gaza Strip. Power must be restored. Palestinians and foreign nationals requiring medical care must be allowed out of the Gaza Strip.
6. We demand that the United States Government immediately stop materially supporting Israeli aggression with our tax dollars, service members, and armaments.

Be it finally resolved that the business manager of IBEW Local 46 publish this resolution, to include our digital platforms and Labor Partners.
