About WSDOT

The Washington State Department of Transportation (WSDOT) is a multimodal agency with a global reputation for excellence. Our dedicated workforce plans, designs, builds, and operates an integrated transportation system that safely and efficiently moves people and goods throughout the state. In addition to maintaining over 20,000 lane miles of state highway and 4,100 bridges, WSDOT manages the world's longest floating bridge, leads an award-winning Active Transportation Plan, holds the record for the world's widest tunneling project, and operates the largest ferry system in the nation!

Subject: Job Opportunity: Electrification Delivery Lead in Seattle, WA!

***Electrification Delivery Lead
Seattle, WA - Ferries Division
\$82,857 - \$111,409 Annually***

The Washington State Ferries (WSF) a Division of the Washington State Department of Transportation (WSDOT) currently seeking a Electrification Delivery Lead to support the implementation of WSF's Long Range Plan 2040 through effective oversight of the System Electrification Program. This position will play a key role in advancing WSF's electrification goals by supporting program development, delivery coordination, and project controls for two core subprograms: W1 – Terminal Construction and W2 – Vessel Construction.

Qualifications

To be considered for this opportunity, the following are required:

- **Program & Project Coordination** - Demonstrated experience managing or coordinating transportation, capital, or infrastructure projects, including scope, schedule, and budget tracking.
- **Budget Monitoring & Financial Analysis** - Proficient in using financial systems (e.g., TEIS, Capital Connect, TRAINS) to monitor expenditure, manage funding sources, and ensure fiscal accountability.
- **Technical Documentation Review** - Experience reviewing and interpreting engineering or planning documents such as design files, PS&E packages, and project change requests.
- **Information Management & Communication** - Ability to analyze and synthesize large volumes of technical and administrative information and communicate clearly in written and verbal formats across stakeholder groups.
- **Organizational Skills & Task Prioritization** - Proven ability to manage multiple high-volume tasks simultaneously while meeting deadlines, with strong attention to detail and follow-through.
- **Software Proficiency** - Skilled in Microsoft Office Suite and specialized project management and reporting tools (e.g., Cognos, Capital Connect).

It is preferred that qualified candidates also have:

- **Program & Portfolio Management Experience** - Prior experience in program management, development, or oversight of large-scale transportation or infrastructure programs.
- **Project Controls & Performance Reporting** - Demonstrated experience in tracking project performance, budgets, and milestones using standardized reporting tools and control systems.
- **WSDOT Systems Proficiency** - Familiarity with WSDOT-specific applications such as Capital Connect, TEIS, TRAINS, CAPs, CCIS, and Cognos for project tracking and financial reporting.
- **Transportation Design & Construction Knowledge** - Background working in transportation design and/or construction environments, with an understanding of project delivery workflows, terminology, and requirements.

Important Notes

- This position offers flexible/hybrid remote work options.
- The salary listed includes the legislative approved 5% salary premium for positions in King County.

Applications for this recruitment will be accepted electronically. Your relevant experience may be evaluated to determine salary. Therefore, it is very important that the "Work Experience" portion of the application be completed in as much detail as possible.

In order to be considered for this opportunity, please include the following with your online application:

- An attached Resume outlining (in reverse chronological order) your experience to date.
- An attached Cover Letter that further explains your qualifications and indicates why you believe you are a viable candidate for this role.
- Contact details for a minimum of three (3) individuals who can attest to your work performance, technical skills, and job-related competencies. This information can be entered in the "References" section of the online application; does not require an additional attachment.

Please click the "APPLY" button to proceed. Note that you will be prompted to either sign in or create an account. This step is required in order to submit an application to this opportunity.

WSDOT is an equal opportunity employer. We value the importance of creating an environment in which all employees can feel respected, included, and empowered to bring unique ideas to the agency. Our diversity and inclusion efforts include embracing different cultures, backgrounds and viewpoints while fostering growth and advancement in the workplace. All persons, regardless of race, ethnicity, age, veteran status, sexual orientation, and/ or gender identity, are encouraged to apply. Persons with disabilities needing assistance in the application process, or those needing this job announcement in an alternative format may contact the listed Recruiter.

WSDOT does not use the E-Verify system, therefore we are not eligible to extend STEM Optional Practical Training (OPT). For more information, please visit www.uscis.gov (<http://www.uscis.gov>).
