

*Good morning, IBEW family!*

*As you well know, many of our members are out of work and need additional support from all of us. The holidays can be especially difficult, especially on our mental health, and the need for connection is even greater when many of life's challenges are hitting at the same time.*

*The survey today will address how you, the members, feel we best support our members during these extremely challenging times. The questions will be whether an in-person holiday meal at the hall or the traditional passing out of turkeys/hams and a gift card is a more helpful option. I'd also like to know, if you think an in-person meal is a good idea, would you be likely to come and participate, whether as a helper or as an attendee?*

*Please take the few minutes to contemplate these members and their situations, that we may serve them the best way possible.*

*Thank you for your time and consideration of our fellow IBEW families!*
