April 29, 2026

Brothers and Sisters,

After six years of Zoom Town Halls, our registration list needs a refresh. Members have left the Local, some are no longer in good standing, and many contact records no longer match what we have on file in dues. These meetings have also grown. In response to member feedback, the Business Manager has been sharing more detailed and sensitive information about the Local's operations.

We owe it to each other to make sure that information stays inside the membership. The same protocols we follow for General Membership meetings need to apply to our Town Halls, too.

— Why Now —

Zoom's platform has limits we cannot work around. We cannot trigger the current attendees to re-register, and any member who was previously removed from a Town Hall cannot be re-added, even after being approved. The only fix is to start with a clean list.

— What Changes —

Starting with the May 18, 2026 Town Hall (moved from the 25th because of Memorial Day), every member will need to register one time. That registration is good for the rest of the calendar year. After that, you only need to click the link in your email to join each month.

In December, you will receive the invitation for the January 2027 Town Hall and will register again for the new year. From there, the cycle repeats — one quick registration each year, and you are set. This small step keeps our information secure and our membership records accurate. Thank you for your patience as we tighten up the process.

Keep an eye out — we will be pushing reminders across all of our channels over the next few weeks.
